Date .....

Your Majesty,

I am writing to you today to ask for help in the return of over 50 orangutans to Indonesia.

These are all highly endangered as well as internationally protected animals, which were illegally imported into Thailand over two years ago. The people and government of Indonesia have asked for them to be returned.

Please will you help give these orangutans their freedom again and ask your Prime Minister to have them returned to Indonesia without delay?

Thank you for caring and respectfully yours.

Signed .....
